

## Joy List

This moment  
laying down  
pulling the covers up.  
Eyes expand to the ocean's horizon.  
Laughing really really hard.  
The crunch of sparkling snow with each step.  
Crème brulee.  
A hidden brook's mountain sound.  
A tiny hand  
holding mine.  
Deep red velvet.  
Hips shakin 'to the song,  
hand stirrin 'the sauce pot.  
That luscious hug.  
Pine scent throughout the house.  
Everyone around the table,  
conversations in all directions.  
Break open the treasure pomegranate.  
Sunlight caressing my face.  
Your voice to my ear.  
This moment  
awake,  
not yet moving,  
in the warmth  
of a good night's rest.
